WAS KILLED BY ELECTRIC CAR SECRET TO WORLD

Employee of Dredger on Santa
Ana River Met Instant
Death This Morning
Avis Linnell

SEEMED CONFUSED
AS TO THE TRACKS

Parents Evidently Live in
Fredonia, Kansas — Been
Here Since September

John Bruschke, an employee of the
Stewart Dredging Co., was instantly
killed at 10:10 o'clock this morning
when he was struck by a Los An-
geles-bound Pacific Electric car be-
tween Artesia and West Fifth
streets. The man's skull and right
leg were broken. So far as known
he had no relatives in this state.
An identification book in his pocket
said:

"In case of serious illness, notify
John Bruschke, R. F. D. 2, Fredonia,
Kan." Coroner Winbiger thinks the
Fredonia Bruschke is the father of
the man killed here this morning.

The car that struck Bruschke left
Santa Ana at 10:05 o'clock. It was
well crowded and a number of pas-
sengers sitting in the forward part
of the car saw the accident.

There is a short bridge across an
arroyo between Artesia street and
West Fifth street, the car tracks be-
tween those places making a curve.
Bruschke had been sitting at the
east end of this bridge. On the ap-
proach of the car he got up. It is
possible that owing to the curve in
the tracks the man was unable to
realize which of the double tracks the
car was coming on.

He seemed to expect to go across
to the south side of the tracks. One
of the passengers says that he
thought the man had stepped clear
of the tracks on which the car was
coming. The man's back was partly
toward the car. He stepped back a
step, and was struck. The body was
hurled forty or fifty feet and fell in-
to the arroyo between the two
bridges of the double tracks. As he
fell his head struck a beam.

The car, which was going about
thirty miles an hour, was stopped
and backed up to the bridge. After
an examination was made the car
returned to Santa Ana and a report
of the accident was made. Coroner
Winbiger brought the body to Mills
& Winbiger's establishment.

In the pockets of the man were
found a number of papers. A letter
written by him to a cousin, but not
addressed or mailed, stated that the
writer had been at work on the
dredger here, and told his cousin to
write to him in care of M. J. Ander-
son of Junction City, Ore., as the
writer remained but a few weeks in
a place. According to Bruschke's
time book he has worked on the
dredger since Sept. 25 on a shift of
twelve hours, commencing each day
at noon.

The letter stated that the writer,
Bruschke, had paid his taxes and
his insurance and had saved up \$50.
It is not known here where his
property is. In a note-book was a
picture of two girls, on the back of
which was written Rosa and Rose
Cheney. There were two or three
letters from Miss Rosa Bowen, care
of Fred Buchanan, Monroe, Ore.

It is thought that Bruschke was
out taking a walk in the morning
before going to work at 12 o'clock.
The dredger is at work on the Santa
Ana river between the Pacific Elec-
tric bridge and the West Fifth street
bridge, a few hundred yards from
where the accident occurred.

Bruschke was about 30 years old.
Passengers say the motorman gave
ample warning with bell and whistle.

ing Darrow gave him \$5000 to pay for

Confesses That He Is Guilty
of Murder of Sweetheart,
Avis Linnell

KILLED HER IN ORDER TO
MARRY VIOLET EDMANDS

Declares He Can No Longer
Let Her Be Wronged Whose
Life He Ruined

BOSTON, Jan. 6.—Rev. Clarence V.
T. Richeson has confessed the murder
of Avis Linnell. Attorneys for the de-
fense have admitted that the minister
confessed that he poisoned Miss Lin-
nell so that he might marry Violet
Edmands.

Richeson's confession was made in
letters to his attorneys. He said:
"Deeply penitent for my sin, and
desiring to make atonement, I here-
by confess. My conscience will not
admit further wronging by the pub-
lic of her whose pure young life I
destroyed. Under the lashings of re-
morse I am suffering the tortures of
the damned."

"In my mental anguish I still recog-
nize my Master's mercy, and there is
some spark of goodness within me.
I wish only to live that behind the
prison wall I may in a small measure
redeem my sinful past, and find the
favor of God. You are instructed to
deliver this to the district attorney or
the judge. Sincerely yours."

The confession was given to the at-
torneys yesterday. Throughout the
night they pleaded with District At-
torney Pelletier for leniency from the
death penalty. Pelletier acceded at 1
o'clock this morning. Since wound-
ing himself, Richeson has been on the
verge of collapse. Yesterday he called
the attorneys and confessed his rela-
tions with Miss Linnell, stating that
he gave her cyanide of potassium to
prevent Miss Edmands from learning
the truth.

Preparations for Richeson's trial
will proceed despite his confession.
His sentence rests with Judge San-
derson.

TAFT HOPEFUL
OF GOOD NEWS

He Hears That Roosevelt Will
Soon Make an Important
Announcement

WASHINGTON, Jan. 6.—Two ex-
congressmen have told President
Taft that Col. Roosevelt at a recent
conference privately stated that he
will make an important announce-
ment within two weeks. It is under-
stood that the announcement will be
that the Colonel is not a candidate.
The ex-congressmen's identity is not
revealed, but close friends of Taft ad-
mitted that such word had been re-
ceived.

FEDERAL GRAND JURY ADJOURNED SINE DIE

More Indictments In McNamara Probe
—Names Secret—Bench Warrants
Out—Burns Bonds Men
Quit Bonds

LOS ANGELES, Jan. 6.—The Fed-
eral grand jury has returned more
indictments, supposedly as many as
last Saturday. Bench warrants have
been issued, but names have been
kept secret. The jury adjourned sine
die.

The bench warrants were wired to
San Francisco for service, thus nar-
rowing speculation regarding who was
named in the indictments.
Federal District Attorney McCor-
mick refused to talk further than to
state that Ortle McManigal is named.
He admitted the possibility of arrests
here and in San Francisco today. He
refused to confirm the report that
more than nine were indicted. Two
indictments were issued today. Both
were blankets.

In discharging the grand jury, Judge
Wellborn complimented the men, say-
ing they had completed the most
monumental work in the history of
such bodies in California.

BURNS' BONDS MEN WITHDRAW;
HIS ARREST IS ORDERED

INDIANAPOLIS, Jan. 6.—Judge
Markey has ordered Detective Burns
to be arrested following the Federal
Surety Company's withdrawal from
\$10,000 bonds assuring Burns' appear-
ance on the charge of kidnaping John
J. McNamara.

This was developed last night
through the coming of District
Attorney John D. Frederick to Wash-
ington to discuss the dynamiting cases
directly with the Department of Jus-
tice.

The Department of Justice investi-
gation now going on is simply a gi-
gantic adjunct to the judicial ma-
chinery of the State of California.

O. A. Tveitmo, Anton Johannsen,
E. A. Clancy of San Francisco, and
J. E. Munsey of Salt Lake, already in-
dicted, face a transfer of their cases
to the state on more than seven
charges.

WASHINGTON, Jan. 6.—It was ru-
mored here yesterday afternoon, to
the disquietude of Mr. Taft and his
friends, that five states with primary
election laws will honor Col. Theo-
dore Roosevelt by putting his name
on the preferential party tickets be-
fore the national nominating con-
vention. The five states claimed are
Oregon, California, North Carolina
and New Jersey. Nebraska has al-
ready done so.

In each one of the states there is a
strong Roosevelt sentiment which is
ready to be crystallized the minute
there seems to be a fighting chance
of putting the Colonel's candidacy
through. These have a combined
strength of 90 delegates. In addi-
tion to these New York, Illinois,
Texas and Georgia probably will
send uncommitted delegates, giv-
ing another possible 216 delegates
against Taft. This, with Iowa and
Wisconsin, 26 votes each for La Fol-
lette, will put into the convention
358 delegates either unpledged or
pledged against Taft—more than a
third of the total number of 1072
delegates. "This will be enough to
"start something" in the way of a
Roosevelt stampede if the Oyster
Bay politician decides to employ
that method of getting back.

The only way the name can be
rubbed off the ticket is for Mr.
Roosevelt to make an official pro-
test against its use.

HEATH WILL "STIR UP
ANIMALS" IN POLITICS

WASHINGTON, Jan. 6.—A devel-
opment in the Republican presi-
dential nomination situation was the de-
parture yesterday of Perry S. Heath
on a tour of the Pacific coast, the
Rocky mountain states, the north-
western states and other states west
of the Missouri river, with a view to
corraling uncommitted delegations to
the national convention.

Heath said, before leaving town,
that his tour was not in the interest
of President Taft or Colonel Roose-
velt, but that he represented Repub-
licans who were inclined to believe
neither could or should be elected,
and that the nomination should go to
a candidate who could unite the dif-
ferent elements in the national party.

Heath is best remembered as one
of the chief lieutenants of the late
Mark Hanna. It was Heath who in
1893 and 1894, under the direction of
Mr. Hanna, traveled broadcast
through the land solidifying dele-
gates to the national convention of
1894 for McKinley.

can.

This will bring the total number of
cardinals up to sixty-eight, includ-
ing one reserved from the recent con-
sistory.

on Peking, the Manchu princes sum-
moned Yuan Shi Kai, demanding in-
formation of the plans for defense.
The premier declared the city to be
safe.

It is not known whether the rebel
advance is a real attack or merely a
feint. Thirty thousand troops were
ferried over the river from
Nanking to Putow today. Reports
that seven hundred imperialists were
killed in the battle of Hankow have
been confirmed. More fighting is ex-
pected, as federal reinforcements
are en route. There will be more
fighting also at Lanchow, as three
thousand federals are en route there.
Wu Ting Fang is still trying to in-
duce Yuan Shi Kai to visit Nanking
to discuss peace terms. Peace rests
on his success.

U. S. TROOPS READY TO GO TO
CHINA ON INSTANT NOTICE

WASHINGTON, Jan. 6.—Secretary
of State Knox and Assistant Sec-
retary Huntington Wilson conferred
today regarding the sending of
troops to China. Plans for doing so
are believed to be completed. Manila
will be the base of operations.

Though advised that the Fifteenth
Infantry was prepared to embark for
Manila at a moment's notice, a State
Department official declared that it
was not known definitely whether or
not the troops would be ordered to
sail. He said: "We will decide what
course to pursue when we hear from
Calhoun again."

A denial was issued of the report
that the powers had notified America
to send troops.

HAVE STRONG CASE AGAINST THE MAN

J. E. Rider, who was taken from
the county jail of this county to Los
Angeles on Thursday, is charged in
Los Angeles with robbing John L.
Hand, proprietor of a Los Angeles
third street lodging house, of a gold
watch, a stickpin and \$12 in coin.
He first inquired for rooms when en-
tering the house, after which he pro-
duced a revolver and startled Hand
by requesting his money and valu-
ables.

Rider was arrested at Orange and
sentenced to thirty days for carrying
a concealed weapon. He tried to
escape from the chain-gang here. By
the careful work of the sheriff's of-
fice of this county he was found to be
the man wanted in Los Angeles.

Talks on Tailoring

We are determined that no man or boy in this town shall fail to be well-dressed at a moderate cost because of any failure on our part to keep constantly before him the fact that getting his clothes from us will insure him against such failure.

By the way—speaking of failure,—do you know that many a business and professional failure is due to shabby or ill-fitting clothes? It's a fact. Appearance counts for much in business, and clothes count for much in appearance. Many a man has failed to get the desired and desirable situation, or to put through the big deal or to secure the one important client or patron or patron because his clothes were not right and therefore gave him a sloppy, slouchy appearance. This failure discouraged him and he gave up and fell behind in the race of life.

A man who dresses well adds to his own self-respect and ambition and more readily and surely commands the attention and respect of the community in which he lives.

You will be well dressed if we make your clothes—and at a moderate cost, too.

All work and materials guaranteed in every respect.

Mrs. Julia E. Cooley of Sierra Madre, has recently purchased a lot on Central avenue and expects to move here this week to make her permanent home. She will have a two story house built and will occupy it as a private boarding house. This is something that will be much appreciated here.

Joseph Ingersoll of San Bernardino, will move his cottage on the corner of Second street and Bay avenue to a lot he now owns on Central avenue, and will build a newer and more modern house on the lot vacated.

GILMAN OUT ON PROBATION

Pleads Guilty and Los Angeles Judge Gives Him Chance to Make Good

H. H. Gilman has another chance to make good, and those who have talked to him say he is sincere in his desire. Gilman yesterday pleaded guilty in Los Angeles to passing a worthless check in Los Angeles, and Judge McCormick, who was impressed with the young man's frank confession, gave him the lightest probationary sentence, one year.

Gilman returned to his family here yesterday, and resumed work for his former employer, who was glad to give him a chance to make good.

"I gave the check in payment for a little red automobile for my boy," Gilman explained in Judge McCormick's criminal court, when he asked for release on probation after pleading guilty. Gilman gave the check to a hardware firm in October and when his five-year-old son awoke the following morning, which was his birthday, he found the little automobile beside his cot.

Gilman said he had exhausted his account at the bank on which the check was drawn, but expected to make a deposit when his next payday arrived. Before that day, however, he was plunged into difficulties because of the death of his youngest child, an infant, and the illness of his wife. He was arrested the day after Christmas.

Funeral of J. F. Bradbury

The funeral of the late J. F. Bradbury of 910 East Walnut, who died on Dec. 31, 1911, was held last Tuesday, Jan. 2, 1912, from Smith & Son's, Rev. J. A. Stevenson conducting the service.

Mrs. Chas. Johnson sang "Lead Kindly Light" and "Rock of Ages" at the chapel, later singing "Jesus, Lover of My Soul," at the cemetery.

The deceased came to California from Pike county, Ill., 18 years ago. For several years he resided in the peatlands in this valley, later making Santa Ana his home. He is survived by his wife, Hattie Bradbury, who, with her father, mother, brother and nephew, E. R. Bradbury, are deeply appreciative of the many kindnesses shown them in their sorrow by their friends.

FISHERMEN CHASE WHALES

One of the Huge Creatures on Shore—After Much Needed Mail Route

HUNTINGTON BEACH, Jan. 6.—One of the big whales which have been since Wednesday pursued by fishermen in gasoline launches near this city was thrown on shore about two miles below here this morning and is lying about 200 feet out in comparatively shallow water. The tide is extremely high and the mammoth cetacean may be carried out to sea again. The fishermen have harpooned a second whale and are trying to land it or take it to San Pedro.

A handsome silver-mounted gavel has been presented to Mayor Ed. Manning by the members of the city administration and other city officials as a testimony of the esteem in which he is held by those who are best acquainted with his good work as the city's executive.

Strong efforts are being made through Senator John D. Works to secure a direct mail service between here and Santa Ana by way of the Pacific Electric Huntington Beach-Santa Ana line. At present the mail goes by way of Watts and an entire day is consumed in carrying it when the distance between Santa Ana and Huntington Beach on the direct line is only fourteen miles and is made in half an hour.

The Pacific Electric railway station here has now been completely remodeled and is very commodious and attractive. It is said to be the best on the system outside the large cities.

QUICK JUDGMENT AGAINST THE JAP

Huntington Beach News: Charles F. Ward, field superintendent of the Celery Growers' Association, is nursing a wounded hand as a result of an altercation with a drunken Japanese celery trimmer, on the ranch of Sterling Price. Mr. Ward ordered the troublesome Japanese off the field, and the latter, instead of complying with the order, drew a knife to attack Mr. Ward, who then struck the fellow a straight-from-the-shoulder blow on his prominent front teeth, causing him to swallow several, not, however, without first inflicting a severe wound on Mr. Ward's hand.

At the annual election held by the stockholders of the Smeltzer Telephone and Telegraph Company several days ago, officers were unanimously chosen as follows: R. E. Larter, president; G. W. Moore, vice president; C. C. Johnson, secretary; J. H. Edwards and R. Courreges, directors. According to Secretary Johnson's report the company is in a flourishing condition. It has been decided to abandon the present location of the exchange for a new building to be erected on the land belonging to W. T. James, fronting the road at a point near the railroad crossing.

THE REGISTER'S RECORD OF BUILDING PROGRESS

YEAR STARTING OUT IN BRISK FASHION

Four Days of This Week Produced Building Permits Total of \$14,565

GARAGE ON MAIN STREET STARTED

The Wakeham Tract on Hick-ey Street Is Scene of Much Activity

The year 1912 starts out as though it meant business in the building line. On Tuesday, Wednesday, Thursday and Friday of this week building permits totaling \$14,565 were issued, which is an excellent start for the year, fully fifty per cent as much as was issued some months last year.

In the permits issued since Jan. 1 are five residences, one addition

to a residence, one barn, one garage at a residence and one public garage. The public garage is the one begun by Frank Vegely on Main street between Second and Third streets. This building will be rushed to completion, and will be occupied by Vegely when he has completed it, he going into the automobile business.

Patrick Owen has sold his house and lot at 716 G street to F. J. Heil, who will occupy the house. Owen immediately commenced building a six-room house on the lot north of the property sold to Heil, and will occupy it as soon as it is completed. N. Galbraith has the contract. The plans were drawn by the Pendleton company.

William H. Wakeham has commenced building a 6-room house on the Wakeham tract, on Hick-ey street. Frederick Eley, the architect, has been employed to build a \$2000 house in the same tract. Next week Ashby Turner will commence the construction of a house on that tract, and within three or four weeks Stockford Wheaton will build. The tract has been an active place for the last two weeks. An old house sold to C. S. Forgy was moved to McFadden street. The entire tract is to be sidewalked. Water pipe, sewer pipe and gas pipe are to be laid and then the streets will be graveled and oiled. Seven out of the thirty-four lots in the tract have been sold.

On Hick-ey street, the fine new residence of Attorney H. C. Head is nearing completion. Oliver Halsell has plans drawn for a new residence that is to go up just east of Head's house.

The contractors are figuring on a busy year, and the indications are that the permits for January will go to a big total.

Bounding Health You Can Have It

Every man and woman has an inherent right to—and can have and enjoy—the blessings of vigorous health and strength—if they will utilize what nature and science have provided for the renewing and upbuilding of the human body.

The human system works on the same principle as any piece of machinery—when any one part fails to do its work properly—the entire organization is affected.

The same all-wise Providence who created these human bodies—also provided remedies for our health preservation. The most successful and efficacious remedies known to medical science today are derived from herbs which nature primarily intended as remedies for our ills.

The most successful herb preparation that has yet been compounded is Brackett's System Builder, a "pleasant-to-take" tablet—that contains absolutely no habit-forming drugs.

Brackett's System Builder assists nature in building vigorous bodies by purifying and renewing the blood, thereby strengthening the heart, improving the circulation—overcoming nervous weakness, debility, loss of ambition, loss of vitality; by revitalizing, re-invigorating the body, brain and nerves to their highest efficiency, thus overcoming all chronic disorders of the system. For sale at first-class drug stores, 50c per box, or sent prepaid upon receipt of price by Robert A. Brackett Company, Chemists, Los Angeles, Cal. Liberal sample and booklet free, upon receipt of ten cents in stamps to cover mailing and postage. Bean Drug Store, Special Distributors.

THINGS DOING SAY AGENTS

Outlook For 1912 Exceedingly Bright—Lots of New-Comers Here

Old Hoyt Home Place Near El Modena Sold to Richards of Orange

Every real estate man in Santa Ana knows that 1912 is going to be a great year in real estate activities in Orange county. It is in the air. They feel it. They know it because of the things that are going on. They know better than anyone else that people are buying and selling real estate. They know that there are lots of strangers coming in, looking for locations. As they go out over the country they see many improvements. They see young orchards thriving. They hear stories of prosperity and plenty.

Papers have just been recorded in the sale of five acres of walnuts on Orchard street from L. L. Shaw to the Santa Ana Jersey Farm.

This week John F. Richards of Orange bought the ninety-two acres between Villa Park and El Modena known as the old Hoyt home place. The place was sold by J. W. Kelly, who lives on Collins avenue at Orange, and the price received was \$20,000. In the deal Kelly received the Richards residence at Orange. A large share of the ranch is hill ground. The residence on the place is set upon a hill with a wonderful outlook over the valley.

The sale was made through H. Schaffert Realty Co., of Orange.

Peter Weinkopf has bought a lot on the east side of South main street near Walnut.

Robert Paine has closed an option recorded several days ago whereby he becomes purchaser of eighty acres on South Main street from Edgington of Pomona, formerly of Santa Ana. The option named \$300 an acre. The land is sugar beet land.

WILL PUT UP NEW BLOCK AT BALBOA

Newport News: The Collins Commercial Company has started tearing down its frame building on Palm street in Balboa and will replace it with a modern frame and concrete block 74 by 124 feet at a cost of \$3500. The machine shop will be taken across the street to the rear of the garage and the building now occupied by the machine shop rented to a San Pedro boat builder. The new building will be two stories in height and will be built around the room now occu-

pled by Way & Drigger's grocery. A fine new room will be rushed to completion for the grocery, giving it a frontage of Bay avenue and Palm street.

FIFTY PER CENT GAIN IN NUMBER BUILDING PERMITS

During the Year 1911 Water Department Made 285 Water Taps

Total of Building Permits Runs Well Over the Half-Million Mark

The year 1911 was the biggest year in Santa Ana's history so far as building is concerned. The total was \$531,576 as against \$463,956 for 1910. While this only shows a gain of \$67,620, it must be remembered that the 1910 permits contained \$75,000 in school buildings. The 1911 permits in number were 508, as against 340 for 1910, a gain of fifty per cent in the number of permits. The 1911 permits have all the best of it for the number of new houses. Over half of the 508 permits were for new residences. That this is true is proven by the fact that the Santa Ana water department made 285 new connections during 1911. Yesterday alone at the water office brought nine applications for new water taps. All of these figures indicate that Santa Ana is growing at a rapid rate. It is a healthy, encouraging growth, with everything pointing to steady, continued growth.

PLACENTIA

Orange Co., Cal.

You don't pioneer when you move to Placentia. That stage of this new packing and shipping town was past six months ago.

With the building of the Santa Fe's new main line east through the famous Placentia district, Placentia Townsite came into existence as a business center for this thickly settled and wealthy community. The orange growers built five large packing houses to handle the production. (Three more packing house sites have been procured.)

Placentia today, twenty-six miles from Los Angeles is a thriving go-ahead town with all city conveniences, such as bank, hotels, large stores, newspaper, lumber yard, garage, etc.

Placentia will not stay a town; that is inexpressive of its future. Placentia, the center of a district equal to Riverside and Redlands, must be a city. Already there are over a thousand people dependent on Placentia as a distributing point, which makes for active business.

An ideal climate, beautiful surroundings, good water, and plenty of work in all lines, produce perfect living conditions.

Placentia offers unexcelled opportunities for Merchandising, Home-making or Investment.

Placentia Townsite is over one-half sold out. Yet you can still buy at the original prices and on the original terms.

GREATEST BUILDING ACTIVITY IN HISTORY

Anaheim Gazette: City Clerk Merritt reports building permits issued for 1911 amounting to \$292,195. This marks the greatest building activity in the history of the city. In December the permits amounted to \$51,200.

These figures do not, of course, include the \$550,000 sugar mill erected the past year just across the city's north limits, nor the many fine residences built just outside the municipality. These latter foot up in the neighborhood

NEEDHAM'S CANDIDACY

The San Diego Union has succeeded in stirring up something of a sensation in political circles of the new eleventh district by suggesting that J. C. Needham, the present representative of the Seventh district, move down to San Diego and enter the lists for the nomination and election in this district. Mr. Needham and Mr. Smith, through the reapportionment plan of the legislature, are thrown into one district, and will not run against each other.

The Redlands Facts, whose editor is a congressional candidate, says the suggestion of the San Diego paper would seem to be based upon a presumption that Congressman Smith with recover his health and be able to make a campaign next year, which, as a matter of fact, though it is said with deep regret, is not a fact. Mr. Smith is a very sick man, and will not be able to go through the physical trials of a political campaign, in the judgment of his friends.

The next question is as to how voters would look upon the fact of a man moving into a new district in order to get a job in it. Perhaps that might be well left to Mr. Needham to answer, though as far as can be learned, there has been no suggestion from Mr. Needham that he contemplates such action. As a matter of fact, the suggestion of Needham's candidacy is doubtless backed by the wish of the Union, which is assiduously looking for a "regular" candidate, as opposed to a progressive, and finds what it wants in Mr. Needham.

The Riverside Press, which is frankly friendly to both Mr. Needham and to Mr. Smith—as are both the Facts and the Register,—and which at the same time is consistently in the ranks of progressive papers speaking politically as well as otherwise, states the matter in this fashion:

"The most interesting and surprising piece of political news in California for several months is the report that Congressman Needham is contemplating moving to San Diego and becoming a candidate for nomination in the new eleventh district. Some of the reactionary papers are talking about Needham having been gerrymandered out of his district by the Johnson administration. That is all nonsense. It is true that under the new plan of congressional districts Needham and Smith are thrown into the same district; but it has been generally understood that the condition of Smith's health will render it impossible for him to be a candidate next fall and that would leave Needham with a clear field in the San Joaquin valley district. The new seventh district would seem to have been formed specially to suit Needham. It includes the counties of Stanislaus, Merced, Madera, Fresno, Kings, Tulare and Kern.

"All of these except Tulare and Kern, are in the district now represented by Needham, and the last two named were in the district represented by him when he was first elected to the house. In all of the counties Needham is very strong and why he should desire to change to the new eleventh district is a conundrum.

"It is said that he is being urged to make this move by the fruit men, who are afraid he will not return to congress if he continues to live in Stanislaus county; but as has been suggested above, that fear seems to be without foundation. The best thing for the citrus fruit interests apparently would be to see that Needham is returned to the house from the seventh district, and that a practical orange grower like Francis Cutler or S. C. Evans of Riverside, is selected to represent the eleventh district. If Needham is brought down here to compete in the primary, he might be defeated; for there would be some opposition to him as a sort of intruder in the district. In that case, he would be lost to the fruit interests and we should have the misfortune of sending new men to the house from both the seventh and eleventh districts. That would certainly be a serious misfortune when we could just as well be sure of Needham from the seventh district, and another good, strong man who is interested in the protection of citrus fruits from the eleventh district.

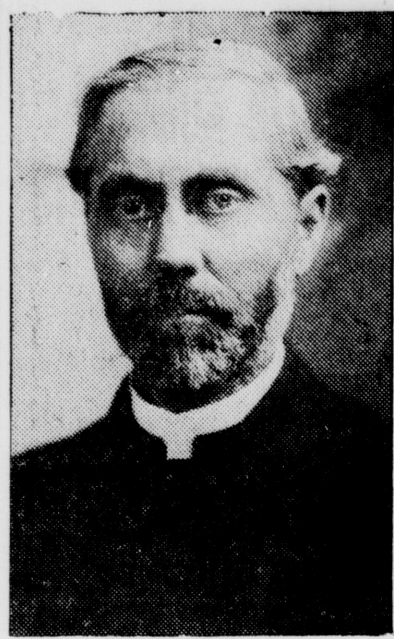

"The only adequate explanation the Press can give for the proposed change on Needham's part is that he expects Smith to recover so as to be a candidate next September; the reports from Washington regarding the condition of his health however, are such as to make that reason highly improbable. The Press is quite frank in saying that it does not see through the matter and no satisfactory statement has been made as to why this step is proposed.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Knew What He Was Doing
The stalwart policeman who guards the traffic at Euclid and a cross street rescued a well-dressed old gentleman from beneath the very "Officer," said the rescued man, "are you married?"

"No, sir, answered the policeman. 'Ah, well, you will hear from me in a day or two, nevertheless.' After he had gone a friend of the officer said, 'Tom, why did you tell the old guy that you wasn't married? You've got a wife and a kid at home, and I know it.' 'Sure I have. But if I'd told him so he'd have sent me a ham or a basket of grapes. As it is he'll probably come through with a little purse. I ain't no fool!'—Cleveland Plain Dealer.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

AFTER-SCHOOL LUNCHEONS

Pasadena Medical Examiner Advises Mothers to Provide These

It may be of interest to the mothers belonging to the various parent-teachers' associations here, to read the advice on lunches of Miss Wilhelmina Loos, assistant medical examiner of the Pasadena schools. Miss Loos says:

"Mothers should provide a lunch at home after school hours for their children who require nourishment after the day's study and recitations."

"If the children knew a lunch was awaiting them at home they would spend much less for candy and tins of the lunch stands and stores near the school buildings."

Miss Loos urges a general crusade against the practice of school children indulging in sweets and other between-meal dainties.

Kensington Society Meets

This organization of Kansas ladies met yesterday with Mrs. C. F. Hubbard at her home on East First street, Santa Ana, where they enjoyed another of their delightful all day meetings. After partaking of an elaborate dinner prepared by the efficient hostess, the company was much surprised by the arrival of Mr. and Mrs. Will Leach and daughter, direct from the old home town of so many of the ladies, Long Island, Kansas. Mrs. Leach is a sister of Mr. C. M. Halderman.

All were much delighted to meet the Leaches and to learn the news from the beloved old home, which recalled many pleasant events enjoyed there in the past. Mr. and Mrs. Leach will spend the balance of the winter in this fair Southland.

At the conclusion of the day the Kensington Society adjourned to meet the first Friday in February with Mrs. Chester Kenyon South Holt avenue, Tustin.

Heard Good Reports

The Woman's Missionary Society of the M. E. Church, South, held their regular business meeting yesterday afternoon at 2:30 in the ladies' parlor. The new officers presiding. Quite a number of ladies were in attendance and much enthusiasm was in evidence. Very satisfactory reports were made by the treasurer and the different committees of the society. Among the latter was that of the committee which since the second week in December had collected a \$60 fund toward the support of a Bible woman and \$100 toward the support of Miss Sarah Warne, missionary to Brazil.

Plans for future work were discussed by the members. A very interesting talk given by Mrs. L. P. Hamilton on missionary work as carried on in Los Angeles by the missionary society of the M. E. Churches, South, which is doing a noble work among the foreign element in that city.

Will a Man Rob Himself?

This question will be the theme of a timely lecture-sermon by Rev. Charles H. Secombe at the Congregational church tomorrow evening.

A Jolly Evening

The Webster Club of the high school held its evening meeting last night at the home of Sophie Hardy. Roll call was answered by giving current events and in the short business meeting which followed, Mr. Ratcliffe of the high school was voted in as an honorary member, paying his initiation fee by singing a solo.

Alberta Black and Dorothy Secombe then each gave a clever reading. Several members made five-minute extemporaneous speeches, impersonating prominent politicians of the day. A jolly time followed in playing progressive anagrams, John Ball winning the first prize, a S. A. H. S. pennant, and George Alsbach the consolation prize, an A. B. C. book. Refreshments consisting of sandwiches, olives, chocolate and cake were served.

Poppies Won in Contest

Last night the regular weekly meeting of the Fraternal Brotherhood took place and after the meeting the regular monthly dance was enjoyed with about fifty couples on the floor.

The music with Mr. Sid Perluss at the violin and Miss Lora Buchanan at the piano was never better and evry one enjoyed the dancing. The result of the contest that was finished December 22 was announced, the victory going to the Poppies under the leadership of Mrs. Neva Sutton, by a narrow margin of 280 points. Of the new members initiated, the Poppies secured more than the Poppies, having secured fifty to the Poppies 37, but the Poppies had the better of the weekly attendance.

This lodge has the largest membership in Santa Ana, having 484 on its membership roll. It is about the eventful largest lodge in the state, of the Fraternal Brotherhood order.

On Friday evening, Jan. 19, installation of officers will be held and all members are urged to be present as a good time is being prepared.

PRATT LAID PACKERS' METHODS BARE TO WORLD

CHICAGO, Jan. 6.—Jerome H. Pratt, for twenty-five years manager and assistant manager of Armour's dressed beef department, took the witness stand yesterday and gave testimony on which will rest the entire case of the government in an effort to convict the ten Chicago packers of controlling prices and restraining trade.

This former protege of J. Ogden Armour was the first witness to testify that the packers met and positively fixed prices, and to support his testimony identified the handwriting of Armour, Arthur Meeker and Thomas J. Connors on contracts and orders regulating shipments of beef and fixing prices.

These documents were presented to prove that a combination existed up to July 30, 1906, three years after the formation of the National Packing Company, called the present instrument of the conspiracy, and three years after the packers' attorneys have sworn that all arrangements and agreements were discontinued.

The government has now but to bridge a chasm of some fourteen months to prove that this illegal conspiracy existed within the three-year period covered by the indictment, beginning September 1, 1907.

LOS ANGELES PRODUCE MARKET

The firm tone of the vegetable market was again manifest. Under a practically bare market prices were held very firm. While only one change in quotations was noted on the Produce Exchange, that of cauliflower, which was advanced 25 cents a crate, there was a marked advance in prices on the street. Green beans were sold up to 16 cents a pound. The entire vegetable list showed an advance of from 1 to 5 cents. Dealers are deluged with orders from outside points, but are unable to fill them, owing to the scarcity of supplies.

Not a single change has been made in the fruit market as far as quotations are concerned since the first of the year. The situation at present is that of steadiness. Dealers are just moving out about enough storage stock to meet immediate demands. Oranges are arriving more freely, but the demand is not over heavy. The best fancy packed oranges are selling at \$2.50 a box. Apples are only in small demand, sales being confined to small retailers. The egg market was strong. Another advance of 1 cent on local

fresh stock was noted. Canned eggs sold at 38 cents, and case counts at 34 cents a dozen. Storage eggs were unchanged, the call being light on this variety. Arrivals were 188 cases.

The market on creamery butter showed strength under a heavy demand, and the price was advanced 1 1/2 cents per pound. Other grades were unchanged, the market ruling steady. Receipts were 16,637 pounds. The cheese market was in good shape. Eastern singles, twins and longhorns advanced 1 cent under a heavy demand and limited holdings. Receipts were 1194 pounds.

The potato market was steady. Considerable stock is being shipped to outside points. Oregon stock was in best demand. Arrivals were 415 sacks.

No onions were reported in. The market was firm. Sweet potatoes advanced 50 cents a hundredweight on good stock. The low level, \$2.50, was held throughout the day. Receipts were 286 sacks.

Apple receipts were 61 boxes.

Stupid Fish.
Professor Harold Russell, the London zoologist, will have none of the popular yarns about the wonderful things fish will do when put to it. He says they are deaf, dumb and virtually color blind. When the calcareous stones are taken out of the ears of fish they lose all sense of equilibrium and roll about as if crazy. Most fish hunt their food by only defective sight, but the eels by even more defective smell. A conger eel with which Professor Russell experimented devoured with the same avidity fish dosed with cheese, anchovy, camphor spirits, turpentine and iodoform.

Where We Aim.
William Dean Howells in one of his talks about literature said: "Good literature is always condemned on its first appearance. That is because, being original, it is new and strange. Shelley's work was bitterly condemned at first. So was Coleridge's. So was Wordsworth's. So was Stephen Crane's." Mr. Howells paused, then added impressively, "Stones are only thrown at those trees which are heavy with fruit."

The Fertile Rock.
Gibraltar is often called a barren rock, yet it has 456 species of indigenous flowering plants. Castor oil plants, daturas and daphnes attain the dignity of trees and geraniums and heliotropes the proportions of hedges. These floral delights often conceal canals and other armaments. The few snakes that are found are small and harmless. Lizards several inches long are often seen.

Whose Roof Do You Live Under?

paid. At the end of a few years the home will be yours, whereas the renter will have a stack of worth less receipts and a lot of broken and scratched furniture, damaged in moving. Then, too, on your own place you plant a lawn, trees and shrubbery, and, if you choose, put in a garden. On a rented place you wouldn't care to expend money, time and energy only to find that when you had gotten things nicely fixed you'd have to move. The best real home values ever offered in Orange county are offered in this ad. You have to live under some one's roof.

Why Not Live Under Your Own?

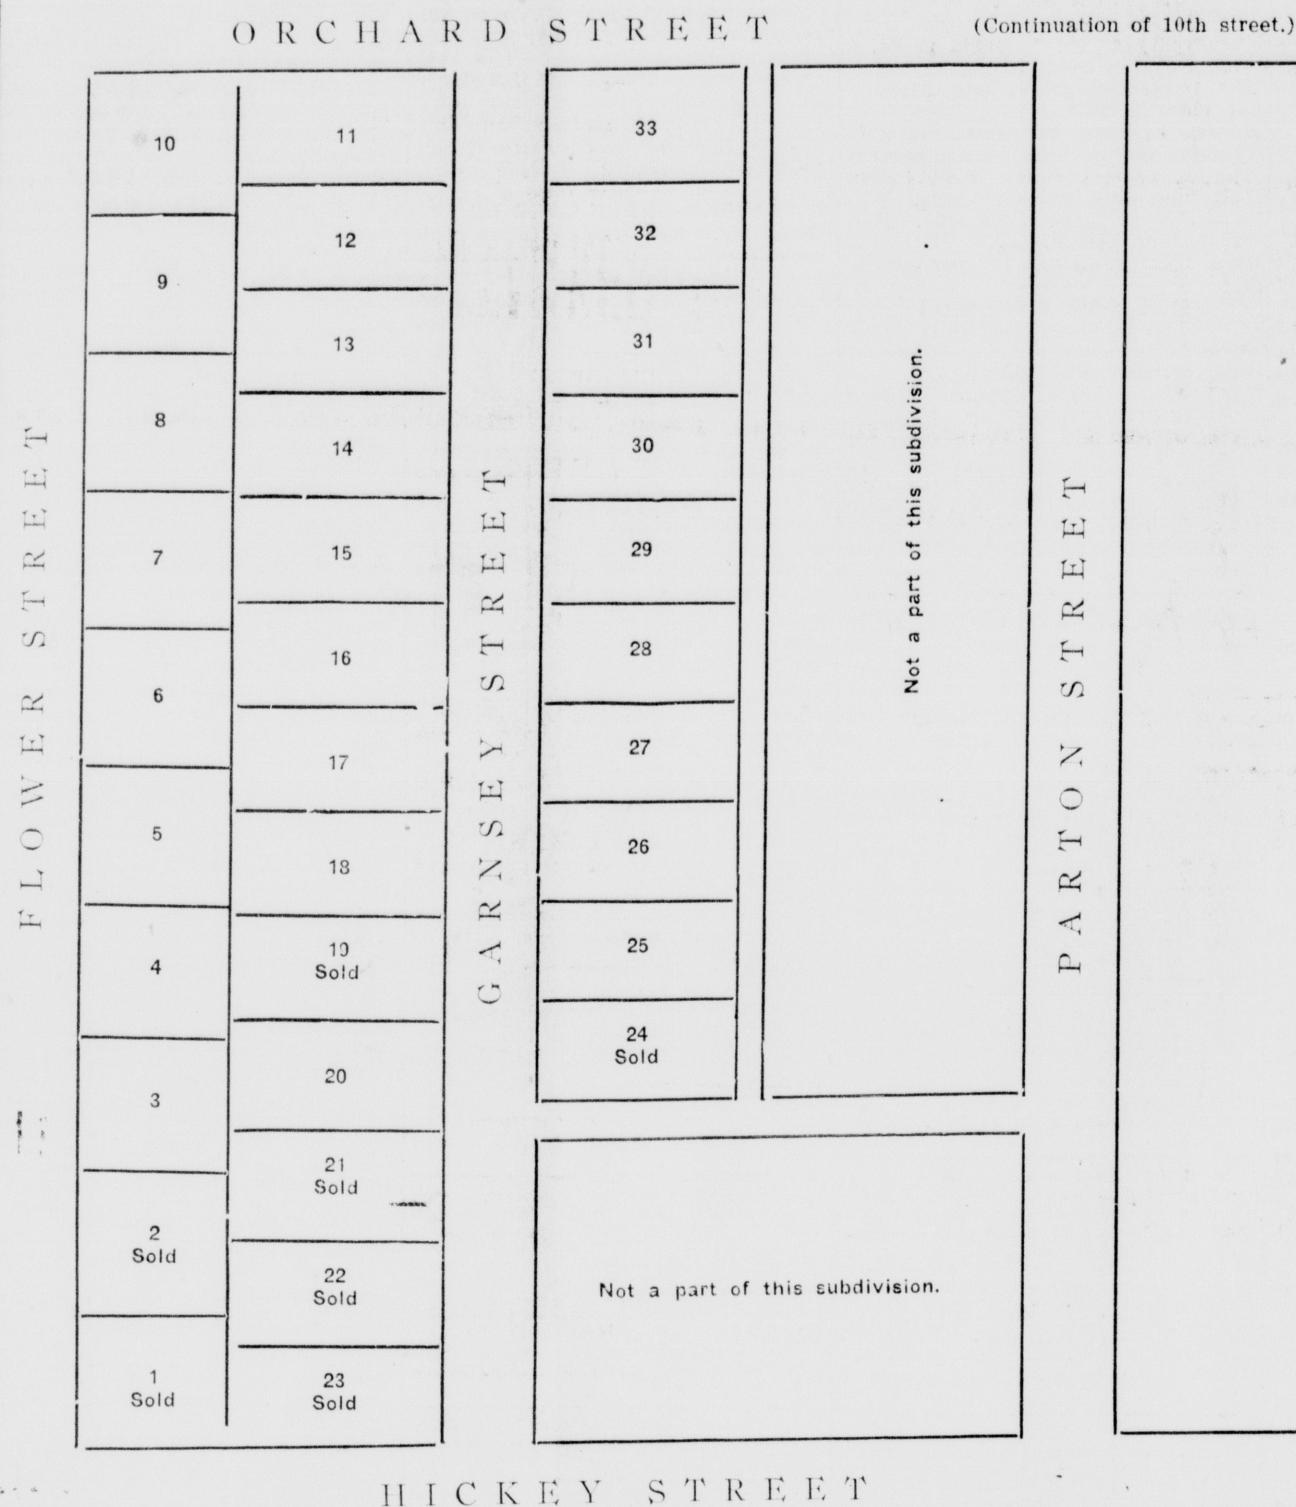

For Homes Ranging in Cost from \$1800 to \$3500.

For this modest though highly attractive class of homes, the Wakeham Tract is pronounced ideal. The lots range in price from \$550 to \$750, with building restrictions of \$1200—that is, no house can be built costing less than \$1200. And while many will be built costing more than \$1200, none is apt to be so pretentious as to make even the least in cost seem dwarfed or out of place. Neatness, good taste, economy and convenience will mark the neighborhood. All houses must be an equal distance from the street—east fronts 20 feet and west fronts 18 feet.

All Street and Sidewalk Work Is Included in the Price of Lots

The owners of the Wakeham Tract now have a large force of men engaged in grading and laying streets and sidewalks, and this work will all be paid for by the present owners of the tract; it is included in the prices of the lots, as above quoted, from \$550 to \$750. The sidewalks will be the best of concrete and cement work, and the streets will be oil and gravel. Hickey street will be oiled and graveled all the way to Main, and Orchard street (which is a continuation of Tenth street) will be opened through to Parton. The cement walks will be five feet wide with parkings—feet wide, containing beautiful 12-year-old walnut trees for shade, ornament and nuts.

All the lots are set to these beautiful soft-shell walnut trees, and the trees that can be left standing will, with proper care, go a long way towards paying insurance and taxes.

SIZES OF LOTS: Lots fronting west on Flower street, commencing at Hickey street, the first two are each 70½ feet front; all others in this row 70-foot front; the whole row being 75 feet deep. The first lot, at the corner of Hickey street, in the row fronting east on Garnsey street, is 65 feet front, and all others in this row are 54 feet front; the entire row being 109 feet deep. The first lot (165 feet north of Hickey) in the row fronting west on Garnsey is 62 feet front, the others in this row being 54 feet front, and all 105½ feet deep.

Why not live under your own? Almost any one can own his home. It requires very little capital for the first payment, and thereafter the monthly payments are about the same as the ordinary rental.

SEWER, GAS AND WATER PIPES WILL BE LAID IN THE STREETS AND LATERALS CARRIED TO THE PROPERTY LINE OF EACH AND EVERY LOT AT THE COST OF THE OWNERS OF THE TRACT. SO THERE WILL BE NO TEARING UP OF THE STREETS AND NO COST TO PURCHASERS OF LOTS FOR MAKING CONNECTIONS OUTSIDE OF THE PROPERTY LINES. TRACT WILL BE RAPIDLY

Tract Will Be Rapidly Built up With Homes

No lot will be sold to anyone who will not agree to commence building within 90 days. This is not a speculative proposition, but distinctly a home building enterprise. There are two houses now under way, and two more will be commenced within a week or ten days. At least three others are assured within 90 days, seven in all now in sight, for that many lots have been sold. Of course the lots will go quickly, and the entire tract will certainly be built up within a year or two at the longest.

Owners Will Build For Lot Purchasers at Cost

The owners of the WAKEHAM TRACT will build houses for lot purchasers, when desired, at actual cost of materials and work, giving the lot purchaser the benefit of all discounts on lumber, lime, brick, stone, plaster, hardware and other building materials, and saving them all contractor's profits, etc. This saving amounts to several hundred dollars on a house costing \$1500 to \$2000. The owners will also secure for lot purchasers a straight loan at a low rate of interest, or place the loan with one of the local Building & Loan Associations.

AGENTS:—These lots may be purchased of any real estate agent in Orange County. If you are an agent you may present this proposition to your client in perfect confidence; if a purchaser, go to the agent you prefer.

WAKEHAM TRACT

3 BLOCKS TO CAR LINE—9 BLOCKS TO FOURTH AND MAIN—PAVED STREET ALL THE WAY—PROTECTIVE BUT NOT PROHIBITIVE BUILDING RESTRICTIONS.

TERMS:—The owners of the Wakeham Tract are in a position to meet any reasonable requirements of lot purchasers as to terms, and liberal discounts will be given.

AT THE COURT HOUSE

IS FINED \$5 FOR CONTEMPT

John Lapique Let His Imagination Get Away With Him Yesterday

John Lapique, who contrives to practice law although he has never been admitted to the bar, met a severe rebuke in the superior court yesterday and paid \$5 for contempt of court. The fine was imposed by Judge West because Lapique stated that the judge had made a minute order for the purpose of defeating Lapique in an attempt to perfect an appeal from the superior court to the appellate court.

Lapique has appeared on numerous occasions in the local court. In the present case he is plaintiff, and thus could appear as his own attorney. The action was Lapique against Moulton, and concerned a land contract at Buena Park. Attorneys Williams & Rutan appeared for the defendant, and judgment was against Lapique. Lapique worried considerably about getting up proper papers for an appeal, and during an argument yesterday he made the remark that the judge had made a certain order

in order to defeat Lapique's aim. Judge West was quick to resent the contempt. He ordered that the fine be paid immediately or Lapique would be turned over to the sheriff to serve five days. Lapique dug quickly into his pocket and produced the amount of the fine. Thereafter he was less loose in his remarks.

H. N. Wheeler of San Diego, forest supervisor of the Cleveland National Forest, has expressed in a letter to the Board of Supervisors, a desire to co-operate in building the road up Sevierville Canyon, but he has not funds with which to give financial assistance. His letter to the Board of Supervisors follows:

"Gentlemen:—I understand that a road from Elsinore to San Juan Capistrano has been proposed. The forest service has been requested to contribute to the cost of this road. At present there are no funds available for this purpose, and, of course, I am unable to say what may be on hand during the next fiscal year. "Such a road is very much needed, and I assure you I would be very

glad indeed to lend any assistance possible. I believe that this road will be of very much value to your county, and I should be glad to meet with you some time and discuss its construction."

IN THE JUSTICE'S COURT

ATTACKED HIM WITH A KNIFE

Youth Tries to Stab A. I. Stewart, Prominent Politician of Fullerton.

Rollo Kellogg, aged 20, is in the county jail charged with an assault with a deadly weapon upon A. I. Stewart of Fullerton, a prominent politician and formerly candidate for the Republican nomination for assessor. Stewart found the man coming out of the pumping-house on Stewart's place, and asked him what he was doing there. Kellogg replied hotly, and Stewart ordered him off the place. Kellogg pulled out a knife and lunged at Stewart, who got a club and chased Kellogg to the road. When Stewart laid down his club, Kellogg made another attempt to slash him. Kellogg's preliminary examination was held at Fullerton yesterday, and he was held to answer in the superior court. The assault occurred Tuesday.

TALBERT ARRESTED FOR SPEEDING AUTO

T. B. Talbert of Huntington Beach, chairman of the Board of Supervisors, was arrested yesterday afternoon by a motorcycle officer on a charge of speeding on North Main street. The motor cop followed the county chairman from Twentieth street to Ninth street and says that Talbert traveled twenty-eight miles an hour. It seems that Talbert was putting on a little speed in order to get to the courthouse before the office of the county clerk closed. Talbert has not yet appeared in City Recorder Willson's court, but gave his word, which is as good as a bond, that he will appear.
